Our coaches come with years of experience in the college game as well as the high school and premier club levels of youth soccer. We are an NCAA Division I institution. If your goal is to play at the collegiate level, you will experience what it takes. From the wake-up time until lights out, you will live the life of an NCAA student-athlete. We are part of the South Florida soccer community and not an outside group contracted to run camps. After 10 years of providing soccer instruction at FAU and over 40 years of involvement in soccer as players, coaches and parents, e-soccercamps knows how to meet your needs. We will make you a better soccer player and help prepare you for a new season. If your goal is to play at the next level, you will be challenged!

Registration and other additional information available on our website at www.e-soccercamps.com. Mail-in and online registration available on our website. There is no additional charge for credit card or e-check payment.

Additional training opportunities to be announced on our website in the near future. We have a program for all of your soccer training needs.

Sincerely,
Brian Dooley
